by September 14, 2015

**Are you aware of the major changes in New Jersey's system for delivery of services to people with intellectual/developmental disabilities (I/DD)?**

If your family member is over 21, do you need more information the mandatory Medicaid eligibility requirement, the Supports Program waiver or need for Support Coordination from a qualified agency to assist in navigating the new fee-for-service system?

If your family member is under 21, do you need information on how to access support services or transitioning from school to "adult-life"?

**Please join us to hear from  
Division of Developmental Disabilities, Department of  
Human Services,  
Children's System of Care, Department of Children &  
Families, and Department of Education  
Local Provider Agencies:  
Family Resource Network & Neighbours, Inc**

Come learn about: the new **Support Program waiver and Fee-for Service system, NJCAT assessment tool, person-centered planning, housing/community development, and transition from school to "adult life"** from division representatives and providers.  
**Bring your questions/experiences!**

Speak with Union and Somerset County service providers who can help you and your family member with I/DD identify and connect to needed supports.

Your local legislators have been invited – this is your opportunity to tell them about your family member with I/DD and the support services you need to help them!

Regional Family Support Planning Council 3 (Union & Somerset Counties) is a group of volunteer family members who obtain input from families in their region about the systems that provide family support services in order to effectively advocate about the needs of families directly to the Department of Human Services and Department of Children and Families.  
For additional information call 1-800-216-1199 Option 2.
